**BioSonics Goes Global with Announcement of New International Agents In Nine Countries**

As part of a continued global expansion effort, BioSonics, Inc. is proud to announce the addition of authorized Sales Agents in eleven countries across the globe. General Sales Manager, Eric Munday, conducted a worldwide search to find superior associates to represent BioSonics products and services. Each agent was specifically selected based on their professionalism, relevant expertise and technical background. BioSonics welcomes the following agents from their respective organizations:

- Laura Azevedo, Okeanus (Rio de Janeiro, Brazil)
- Gilles Dandec, Cadden (Nantes, France)
- Malcolm Kirby, MK Services (Bedfordshire, United Kingdom)
- Francisco Mier, Grafinta S.A. (Madrid, Spain)
- Yong Huang, Enfo Service Corp (China)
- David Garforth, Bruttour International Pty Ltd (Hornsby, New South Wales, Australia)
- Marvin Lee, Elcee Instrumentation & Services (Seri Kembangan, Selangor, Malaysia)
- Selah Kanik, Torkar Marin (Istanbul, Turkey)
- Michael Soule, Fisheries Resource Surveys (Cape Town, South Africa)
- Stefan Theophile, J Bornhoeft Industrieerate GmbH (Kiel, Germany)
- Septinus Sitanaya, PT Terminal Elektronika Sekawan (Jakarta, Indonesia)

As the global market demands more advanced hydroelectric energy programs, innovations in fisheries and oceanography, and other marine acoustic applications, BioSonics is now better equipped to answer this call from anywhere in the world. Each sales agent has been highly trained on the specifications of BioSonics' products, services, and sales principles, and stands ready to assist international clients with expertise in local import customs, sales support, and technical services. BioSonics is confident that this expanded sales force will create stronger relationships with international clientele, and will surmount cultural barriers to promote opportunities that were not formerly possible. Please visit BioSonics' Global Agent webpage for further details and to contact the agent nearest you.
